

NEWS FROM MY DESK

JULY 2023

My dear friends

Greetings from a freezing Pietermaritzburg!! While the mornings are cold, the afternoons are magnificent with the winter sun and it is certainly wonderful to be alive in Africa at this time. On Tuesday, 18 July we opened up for our 3rd term at our Missionary and Bible College, so let me bring you up to date.

KWAZULU-NATAL MISSIONARY AND BIBLE COLLEGE

The Lord is so very gracious to our work and we opened anticipating the arrival of 11 mission students. They are coming from Uganda, Swaziland, Malawi, DRC and Dundee in KZN. This will give us an encouraging student body, together with the other courses in our Curriculum. It is so good to be back after the July recess and I am loving being back in the classroom lecturing 5 subjects a day.

While this certainly thrills the heart, our great sadness was to hear of the death of one of our past students, Paul Masudi from the DRC. He was a beautiful trophy of God's grace; being born into a Muslim family and living through the trauma of being a child soldier in the DRC conflict, God wonderfully saved his life. He will have received a hero's welcome into Glory.

FOOTPRINTS INTO AFRICA

My website is a source of great blessing to me. It is maintained under the watchful eye of Gerhard Laniewski, who maintains and monitors it for me from the Cape. I am very grateful for his efficient and knowledgeable support. You may be interested to know that we had 650 hits on our website last term, reaching out around the world.

I am busy preparing to visit Zambia soon, and that is always a real highlight for me.

PREACHING APPOINTMENTS

How very privileged I have been to preach at Christ Church Howick and Christ Church Pietermaritzburg, St. Olavs', Hayfields Bible Chapel and Holy Trinity Imbali.

It is a great joy to have the support of my Mission representatives, Margaret & John Thompson, accompanying me to display and share my Footprints Resources.

BIBLE STUDY

Our Bible Study is back under way again after the holidays. We are slowly working our way through the book of 2 Peter, one verse at a time and everyone seems to be enjoying it.

MMM

Next Missions Motivation Morning

Saturday, 19th August @ 9:30

Part 3

History of Missions in the 20th Century

DON'T MISS OUT ... Plan to be at our next morning meeting ... details above ...they are fruitful times.

RSVP Charmaine / kznbiblecollege@gmail.com or 0732340367.

THE SHACK

Our second-hand bookshop is packed at the moment. The students are always excited to get a chance to "shop" which helps them to build up their personal libraries with some great books!. I am very grateful to all those folks who so generously provide me with these books.

My dear friends, I hope you are as encouraged as I am. The Lord has put His seal upon the work and I know that without you this would not be possible. Your prayers, love and financial support keeps me on the road - many, many thanks.

This African Proverb speaks volumes ...

KMBC & Footprints may appear small to the world, but it is God's work, done in God's way ...thus knowing God's blessing!
